Eligibility: Class 10th / 12th drop outs/Graduates / Post Graduates

15 days Capacity Building Programme (CBP) on Plant Tissue Culture Techniques and Maintenance of Laboratory Equipments is being offered by the EIACP, Hub centre on Status of Environment and Related Issues (SoER), Telangana sponsored by EIACP Cell, Ministry of Environment, Forest & Climate Change (MoEFCC) at Environment Protection Training and Research Institute (EPTRI). The CBP involves theory and practical classes to strengthen the fundamentals, field visits and hands on training for real-life exposure. This comprehensive program provides participants with the skills needed to work confidently in Plant Tissues Culture, analytical and research laboratories.

The Training program is proposed to start from fourth week of November. Interested candidates may apply through online Google form link:

<https://forms.gle/G3jKPFsygTDUFN7E6>

There is no fee for the training program. The candidates will be provided free lodging and boarding during the program at EPTRI. The admission to the training program will depend on the selection process that may involve an interview.

Last date for applying: 18th November, 2025

Note: The dates for interview and training program shall be notified separately
