

Educational Tours to EPTRI

Experience a trip to EPTRI

Environment Protection Training & Research Institute (EPTRI) was established in 1992 in Hyderabad, as an independent society with assistance of State Government, Government of India and Swedish International Development Agency (SIDA). EPTRI serves as a one-stop shop for comprehensive solutions to environmental issues and offers a wide range of services - laboratory analysis to environment management and an interface between regulation and community participation in preserving and conserving the environment.

Smt. A. Vani Prasad, IAS
Principal Secretary to Govt.,
Govt. of Telangana &
Director General, EPTRI

EPTRI Thrust Areas

- Carrying out EIA/EMP & SIA studies
- Expertise in dealing with segregation of waste and its management
- E-waste inventorisation
- Nodal Agency for Climate Change Adaptation & Mitigation
- Mass propagation of RET species through Micro Propagation Techniques
- Carrying out Biodiversity studies
- Preparation of State Environment Report
- State-of-Art Laboratory (Chemical and Biological) for testing quality of Air, Water, Noise, Wastewater and Soil
- Evaluation of ETPs/STPs/ CETPs
- Conducting Professional and need based training programs

Centres at EPTRI

Environment Protection Centre (EPC)

- Environment Engineering & Management & Environmental Quality Mapping
- Climate Change Centre
- Environment Information Awareness, Capacity Building & Livelihood Programs
- Environment & Sustainable Development

Environment Research & Development Centre (ERC)

- Analytical Laboratory
- Microbiology Laboratory
- Plant Tissue Culture Lab (PTCL)
- Library & Knowledge Centre

Training & Capacity Building Centre (T&CB)

- Training Programs (Offline & Virtual)

1 Benefits of an Educational Tour to EPTRI

In the classroom, a student gets to know about new things, ideas, and concepts, while outside the classroom, a student explores and experiences them. The idea of an educational tour is about: **“Learning by Seeing”**. As a part of environmental awareness activity, EPTRI welcomes Nature Lovers & Environment Enthusiasts to visit the lush green campus to understand various activities taken up by EPTRI.

S.No.	Programme (half day schedule)
1	Introduction of EPTRI to Visitors
2	Session on Climate Change & Green Energy
3	Visit to Laboratory (Chemical, Air and Microbial Analysis, Tissue culture & about instrumentation)
4	Know about the medicinal plants in EPTRI Herbal Garden
5	Explaining about EIACP Activities
6	Demonstration of Waste Recycling Process established at EPTRI campus
7	Rainwater harvesting structures in EPTRI campus
8	Interaction & Group Photo

2 Drop us an email for an Exclusive Expert Session on topics listed below:

Ambient Air Pollution; Indoor Air Pollution; Water Pollution; Noise Pollution; Climate Change; Alternate Energy; Circular Economy; Carbon Footprints; Environmental Acts & Rules; Solar Photovoltaic & Thermal, Solar Software, EV Charging Infrastructure; Rain Water Harvesting Structures; Waste to Energy; e-waste; Single Use Plastic; Composting the Kitchen Waste; Medicinal Plants; Biomethanation; Operation of Sophisticated Instruments: GSMSMS, CHNS, ICP-OES; Sustainable Development Goals; Environmental Health; Carbon Sequestration Studies; Taxonomy (Identification Techniques); Preparation of Herbarium,; Qualitative & Quantitative Assessment of Vegetation & other Need Based Training Programmes.

3 Skill Development Programmes

EPTRI conducts certificate programmes for Environment Enthusiasts for enhancing their skills in the field of Environment sector.
